DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Claims 3, 5 & 7 are objected as being inconsistent with FIG. 1. With respect to line 2 of claim 3 and line 13 of claim 7 it is unclear how a first panel is removably extended with respect to a second panel where FIG. 1 indicates both panels are connected in a way that prohibits separation of one from the other and where together both panels comprise a door which hinges open and closed. Alternative language Applicant may wish to use includes –said first panel being telescopically extended into said second panel--.

Claim 5 is objected to as depending from a now cancelled claim, i.e. claim 2. Moreover, as it duplicates claim 6, claim 5 should be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Response to Amendment

In response to Applicants amendment filed June 30, 2005 claim 2 is now cancelled.

Response to Arguments

Applicant's arguments, see Applicants remarks, filed June 30, 2005, with respect to claims 1-3 & 7 have been fully considered and are persuasive. The previous

Art Unit: 3652

rejections of claims 1-7 have been withdrawn. It is noted that Applicant has cancelled claim 2 which Applicant incorporated into claim 1, and since claim 5 depended from claim 2, claim 5 now stands cancelled.
